

January 22, 2021

I am pleased to inform you that our non-profit arts organization, Pawleys Island Festival of Music and Art, has received a matching grant of \$2,750 from South Arts, in partnership with the National Endowment for the Arts. South Arts believes that the arts elevate the region, increasing connectedness and inspiring meaningful change in the process, and we agree.

As one of the organizations receiving matching grants from South Arts in Fiscal Year 2021, we extend our gratitude for your continued support of public arts funding through state appropriations.

This specific grant is for assisting us in presenting our Winter Concert Series. The funding for our event is important to our organization because it allows our community and our youth to experience the arts. We bring world-class artists to our area to provide public performances for our local (and visiting) music lovers and to provide educational outreach programs for Georgetown County students every year. We specifically target Title 1 schools that are not able to provide these types of arts experiences.

On behalf of Pawleys Island Festival of Music and Art, I would like to invite you to attend our next concert, Svetlana & The New York Collective, which will be held on Tuesday, February 9th, at 7 PM, located in Pawleys Island at The Village House. To RSVP and to receive more information concerning this event, please contact our Sales & Marketing Director.

Sincerely,

Sarah Elaine Hawkinson
Director of Development & Outreach
